- 30.2 Prior to the evaluation of any Tender, NAKS will determine whether each Tender:
 - a. Has been properly signed;
 - b. Is accompanied by the required securities; and
 - c. Is substantially responsive to the Tender requirements, pursuant to ITT 32.
- 30.3 If the selection method pursuant to ITT 30.1 is Lowest-Evaluated Cost, after a Tender is deemed substantially responsive in accordance with ITT 32, the next stage will be the evaluation of the Financial Proposal in accordance with ITT 35.
- 30.4 If the selection method pursuant to ITT 30.1is QCBS or Fixed-Budget, after the Tender is deemed substantially responsive, the evaluation process will consist of two stages: (i) evaluation of the Technical Proposal in accordance with ITT 34 and (ii) Evaluation of the Financial Proposal in accordance with ITT35.
- 30.5 In the case of multiple contracts or lots, Tenderers are allowed to tender for one or more lots and the methodology to determine the lowest evaluated cost of the lot (contract) and for combinations, including any discounts offered in the Form of Tender, is specified in Section III, Evaluation and Qualification Criteria.

 - c. "Omission" is the failure to submit part or all of the information or documentation required in the Tendering Document.

32 Determination of Responsiveness

- 32.1 NAKS's determination of a Tender's responsiveness is to be based on the contents of the Tender itself, as defined in ITT 12.
- 32.2 A substantially responsive Tender is one that meets all the requirements, terms, conditions and specifications of the Tendering Document without material deviation, reservation, or omission. A material deviation, reservation, or omission is one that:

- a. If accepted, would:
 - i. affect in any substantial way the scope, quality, or performance of the Services specified in the Schedules in Section VII; or
 - ii. limit in any substantial way, in consistent with the Tendering Document, NAKS's rights or the Tenderer's obligations under the proposed Contract; or
- b. if rectified, would unfairly affect the competitive position of other Tenderers presenting substantially responsive Tenders.
- 32.3 If the selection method pursuant to ITT 30.1 is Lowest-Evaluated Cost, the determination of responsiveness will include NAKS's examination of the technical aspects of the Tender submitted in accordance with ITT 12, Methodology and Approach, in particular, to contend that all criteria in Section III, Evaluation and Qualification Criteria, and the Service Requirements described in Schedules B through F of Section VII, have been met without any material deviation or reservation.
- 32.4 If a Tender is not substantially responsive to the requirements of the Tendering Document, it shall be rejected by NAKS and may not subsequently be made responsive by correction of the material deviation, reservation, or omission.
- 32.5 If a Tender is not substantially responsive, NAKS will notify the Tenderer that its Tender has been rejected.

33 Non material non-conformities

- 33.1 Provided that a Tender is substantially responsive, NAKS may waive any non-conformities in the Tender that do not constitute a material deviation, reservation or omission.
- 33.2 Provided that a Tender is substantially responsive, NAKS may request that the Tenderer submit the necessary information or documentation, within a reasonable period of time, to rectify nonmaterial non- conformities in the Tender related to documentation requirements. Requesting information or documentation on such non-conformities shall not be related to any aspect of the price of the Tender. Failure of the Tenderer to comply with the request may result in the rejection of its Tender.
- 33.3 Provided that a Tender is substantially responsive, NAKS shall rectify nonmaterial nonconformities related to the Tender Price. To this effect, the Tender Price shall be adjusted, for comparison Purposes only, to reflect the price of a missing or non-conforming item or component in the manner specified **in TDS**.

34 Technical proposal Evaluation

- 34.1 For those Tenders that are found to be substantially responsive pursuant to ITT 32, NAKS shall evaluate the Technical Proposals using the following evaluation methodology:
 - a. NAKS shall score Technical Proposals by applying the point system specified in Section III for each evaluation criterion. Each proposal will be given an aggregate technical score (St) by adding the scores assigned under each evaluation criterion;
 - b. A proposal shall be rejected at this stage if it fails to achieve the minimum aggregate technical score specified in the **TDS**; and
 - **c.** NAKS will apply any additional steps to the evaluation methodology as may be indicated in the **TDS**.

35 Financial Proposal Evaluation

- 35.1 Only Tenders that have been found substantially responsive in accordance with ITT 32 and have achieved the minimum aggregate technical score in accordance with ITT 34.1 shall have their Financial Proposals opened and evaluated.
- 35.2 In evaluating the Tenders, NAKS will determine for each Tender the evaluated Tender cost by adjusting the Tender price as follows:
 - a. Price adjustment due to discounts offered in accordance with ITT 27.5;

- b. Price adjustment due to quantifiable non material non-conformities in accordance with ITT 31.3;
- c. converting the amount resulting from applying (a) and (b) above, if relevant, to a single currency in accordance with ITT 37; and
- d. any additional evaluation factors specified in the TDS and Section III, Evaluation and Qualification Criteria.

36 Correction of Arithmetical Errors

- 36.1 The tender sum as submitted and readout during the tender opening shall be absolute and final and shall not be the subject of correction, adjustment or amendment in anyway by any person or entity.
- 36.2 Provided that the Tender is substantially responsive, NAKS shall handle errors on the following basis:
 - a. Any error detected if considered a major deviation that affects the substance of the tender, shall lead to disqualification of the tender as non-responsive.
 - b. Any errors in the submitted tender arising from a miscalculation of unit price, quantity, subtotal and total bid price shall be considered as a major deviation that affects the substance of the tender and shall lead to disqualification of the tender as non-responsive. and
 - c. If there is a discrepancy between words and figures, the amount in words shall prevail, unless the amount expressed in words is related to an arithmetic error, in which case the amount in figures shall prevail.
- 36.3 NAKS shall calculate the difference between the corrected price and tender price and workout the percentage difference, which will be plus or minus tender price as the case may be;[i.e.(corrected tender price– tender price)/tenderpriceX100].
- 36.4 On award of contract, all payment valuation certificates, variation orders on omissions and additions valued based on rates in the tender document will be adjusted by such a percentage specified in ITT 36.4 to ensure the service provider is not paid less or more relative to the contract price which would be the tender price.

37 Conversion to Single Currency

37.1 For evaluation and comparison purposes, the currency(ies) of the Tender shall be converted into a single currency as specified **in the TDS**. The source of the exchange rate shall be as specified **in the TDS**. The date for the exchange rate shall be the deadline for submission of proposals pursuant to ITT 23.1.

38 Abnormally Low Tenders

- 38.1 An Abnormally Low Tender is one where the Tender price, in combination with other constituent elements of the Tender, appears unreasonably low to the extent that the Tender price raises material concerns with NAKS as to the capability of the Tenderer to perform the Contract for the offered Tender price.
- 38.2 In the event of identification of a potentially Abnormally Low Tender by the evaluation committee, NAKS shall seek written clarification from the Tenderer, including a detailed price analyses of its Tender price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risks and responsibilities and any other requirements of the tendering document.
- 38.3 After evaluation of the price analyses, in the event that NAKS determines that the Tenderer has failed to demonstrate its capability to perform the contract for the offered Tender price, NAKS shall reject the Tender.

39 Abnormally High Tenders

39.1 An abnormally high price is one where the tender price, in combination with other constituent elements of the Tender, appears unreasonably too high to the extent that NAKS is concerned

- 39.2 In case of an abnormally high tender price, NAKS shall make a survey of the market prices, check if the estimated cost of the contract is correct and review the Tender Documents to check if the specifications, scope of work and conditions of contract are contributory to the abnormally high tenders. NAKS may also seek written clarification from the tenderer on the reason for the high tender price. NAKS shall proceed as follows:
 - i) If the tender price is abnormally high based on wrong estimated cost of the contract, NAKS may accept or not accept the tender depending on NAKS's budget considerations.
 - ii) If specifications, scope of work and/or conditions of contract are contributory to the abnormally high tender prices, NAKS shall reject all tenders and may retender for the contract based on revised estimates, specifications, scope of work and conditions of contract, as the case may be.
- 39.3 If NAKS determines that the Tender Price is abnormally too high because <u>genuine competition</u> <u>between tenderers is compromised</u> (*often due to collusion, corruption or other manipulations*), NAKS shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before retendering.
- 39.4 If NAKS determines that the Tender Price is abnormally too high because genuine competition between tenderers is compromised (often due to collusion, corruption or other manipulations), NAKS shall reject all Tenders and shall institute or cause competent Government Agencies to institute an investigation on the cause of the compromise, before retendering.

40 Unbalanced and/or Front-Loaded Tenders

- 40.1 If in NAKS's opinion, the Tender that is evaluated as the lowest evaluated price is seriously unbalanced and/or front loaded, NAKS may require the Tenderer to provide written clarifications. Clarifications may include detailed price analyses to demonstrate the consistency of the tender prices with the scope of works, proposed methodology, schedule and any other requirements of the Tender document.
- 40.2 After the evaluation of the information and detailed price analyses presented by the Tenderer, NAKS may as appropriate:
 - a. Accept the Tender; or
 - b. Require that the total amount of the Performance Security be increased at the expense of the Tenderer to a level not exceeding a10% of the Contract Price; or
 - c. agree on a payment mode that eliminates the inherent risk of NAKS paying too much for undelivered works; or
 - d. reject the Tender.

41 Qualification of the Tenderer

- 41.1 NAKS shall determine to its satisfaction whether the Tenderer that is selected as having submitted the lowest evaluated cost and substantially responsive Tender is eligible and meets the qualifying criteria specified in Section III, Evaluation and Qualification Criteria.
- 41.2 The determination shall be based upon an examination of the documentary evidence of the Tenderer's qualifications submitted by the Tenderer, pursuant to ITT 18. The determination shall not take into consideration the qualifications of other firms such as the Tenderer's subsidiaries, parent entities, affiliates, subcontractors or any other firm(s) different from the Tenderer that submitted the Tender.
- 41.3 An affirmative determination shall be a prerequisite for award of the Contract to the Tenderer. A negative determination shall result in disqualification of the Tender, in which event NAKS shall proceed to the Tenderer who offers a substantially responsive Tender with the next lowest evaluated cost to make a similar determination of that Tenderer's qualifications to

perform satisfactorily.

42 Procuring Entity's Right to Accept Any Tender, and to Reject Any or All Tenders

42.1 NAKS reserves the right to accept or reject any Tender, and to annul the Tendering process and reject all Tenders at any time prior to contract award, without thereby incurring any liability to Tenderers. 45 Financial negotiations

45.1 The financial negotiations include the clarification of the tax liability in Kenya and how it should be reflected in the Contract. The total price stated in the Financial Proposal for a Lump-Sum contract shall not be negotiated. NAKS may ask for clarifications on the costs if they are very high.

2. Requirements

The Government of Kenya requires that all parties including Procuring Entities, Tenderers, (applicants/proposers), Consultants, Contractors and Suppliers; any Subcontractors, Sub-consultants, Service providers or Suppliers; any Agents (whether declared or not); and any of their Personnel, involved and engaged in procurement under Kenya's Laws and Regulation, observe the highest standard of ethics during the procurement process, selection and contract execution of all contracts, and refrain from Fraud and Corruption and fully comply with Kenya's laws and Regulations as per paragraphs 1.1 above.

Section 66 of the Act describes rules to be followed and actions to be taken in dealing with Corrupt, Coercive, Obstructive, Collusive or Fraudulent practices, and Conflicts of Interest in procurement including consequences for offences committed. A few of the provisions noted below highlight Kenya's policy of no tolerance for such practices and behavior:

- i) A person to whom this Act applies shall not be involved in any corrupt, coercive, obstructive, collusive or fraudulent practice; or conflicts of interest in any procurement or asset disposal proceeding;

- iii) Without limiting the generality of the subsection (1) and (2), the person shall be:
 - a) disqualified from entering into a contract for a procurement or asset disposal proceeding; or

a) Shall not take part in the procurement proceedings;

- b) shall not, after a procurement contract has been entered into, take part in any decision relating to the procurement or contract; and
- c) shall not be a subcontractor for the tenderer to whom was awarded contract, or a member of the group of tenderers to whom the contract was awarded, but the subcontractor appointed shall meet all the requirements of this Act.
- vi) An employee, agent or member described in subsection (1) who refrains from doing anything prohibited under that subsection, but for that subsection, would have been within his or her duties shall disclose the conflict of interest to NAKS;
- vii) If a person contravenes subsection (1) with respect to a conflict of interest described in subsection (5) (a) and the contract is awarded to the person or his relative or to another person in whom one of them had a direct or indirect pecuniary interest, the contract shall be terminated and all costs incurred by the public entity shall be made good by the awarding officer. Etc.

In compliance with Kenya's laws, regulations and policies mentioned above, NAKS:

- a) Defines broadly, for the purposes of the above provisions, the terms:
 - i) "corrupt practice" is the offering, giving, receiving, or soliciting, directly or indirectly, of anything of value to influence improperly the actions of another party;

- "fraudulent practice" is any act or omission, including misrepresentation, that knowingly or recklessly misleads, or attempts to mislead, a party to obtain financial or other benefit or to avoid an obligation;
- iii) "collusive practice" is an arrangement between two or more parties designed to achieve an improper purpose, including to influence improperly the actions of another party;
- iv) "coercive practice" is impairing or harming, or threatening to impair or harm, directly or indirectly, any party or the property of the party to influence improperly the actions of a party;
- v) "obstructive practice" is:
 - Deliberately destroying, falsifying, altering, or concealing of evidence material to the investigation or making false statements to investigators in order to materially impede investigation by Public Procurement Regulatory Authority (PPRA) or any other appropriate authority appointed by Government of Kenya into allegations of a corrupt, fraudulent, coercive, or collusive practice; and/or threatening, harassing, or intimidating any party to prevent it from disclosing its knowledge of matters relevant to the investigation or from pursuing the investigation; or
 - 2) Acts intended to materially impede the exercise of the PPRA's or the appointed authority's inspection and audit rights provided for under paragraph 2.3 e. below.
- (b) Defines more specifically, in accordance with the Act, provisions set forth for fraudulent and collusive practices as follows:

"fraudulent practice" includes a misrepresentation of fact in order to influence a procurement or disposal process or the exercise of a contract to the detriment of NAKS or the tenderer or the contractor, and includes collusive practices amongst tenderers prior to or after tender submission designed to establish tender prices at artificial non-competitive levels and to deprive NAKS of the benefits of free and open competition.

- (c) Rejects a proposal for award¹ of a contract if PPRA determines that the firm or individual recommended for award, any of its personnel, or its agents, or its sub-consultants, sub-contractors, service providers, suppliers and/ or their employees, has, directly or indirectly, engaged in corrupt, fraudulent, collusive, coercive, or obstructive practices in competing for the contract in question;

- (f) Pursuant to Section 62 of the Act, requires Applicants/Tenderers to submit along with their Applications/Tenders/Proposals a "Self-Declaration Form" as included in the procurement document declaring that they and all parties involved in the procurement process and contract execution have not engaged/will not engage in any corrupt or fraudulent practices.

Such activity includes but is not limited to: accessing and examining any other documents, data and information (whether in hard copy or electronic format) deemed relevant for the investigation/audit, and making copies thereof as relevant; interviewing staff and other relevant individuals; performing physical inspections and site visits; and obtaining third party verification of information.
